

This training covers how to use Cumulocity IoT self-service certification tool (embedded in the Cumulocity IoT Device Partnership Program) mainly targeted at device manufacturers, while also device integrators and integration solution providers can certify their device integrations.

**Duration:** 90 min

**Achievements:** Attendance Badge

### Learner Profile

- Device Manufacturer
- Device Integrator
- Integration Solution Provider

### Required Knowledge

No requirements

### Next Steps

- Cumulocity IoT Associate course

## Learning Objectives

- Overview
- Basic Functionality
- Step-by-Step Demo
- Technical Insights

---

## Activities

- Learning Videos & Demos
