

Cumulocity IoT provides a number of options out of the box to connect devices. This Elective starts with an overview of the different options before going into details of all of these options. At the end of this learning, it provides a decision tree to allow you to quickly choose the appropriate approach based on your requirements and the devices you want to connect.

Duration: 40 min

Achievements: Attendance Badge

Learner Profile

- Developer
- Integration Specialist

Required Knowledge

Cumulocity IoT Device Management & Connectivity

Next Steps

Expert modules in the categories:

- Device Integration

Learning Objectives

- Overview
- thin-egde.io
- Device Agents
- Cumulocity IoT Thick Edge
- Gateways
- Server-Side Agents
- Supported Protocols
- What Approach to Use

Activities

- Learning Videos
